

2014

*Coeur Blanc White
Pinot Noir*

Coeur Blanc is a unique limited-production white wine made from fully mature Pinot Noir grapes. At harvest, 100% estate-grown Pinot Noir grapes from selected vineyard blocks are handpicked and carefully sorted. The grapes are then gently whole-cluster pressed, limiting contact with the skins so that only the purest essence or “white heart” juice is expressed. The resulting juice is barrel fermented in French oak, then aged on the lees for 14 months prior to bottling.

Light golden in color, the 2014 Coeur Blanc offers an alluring bouquet with floral, stone fruit, and confectionery aromas. On the palate, flavors of peach pit, honey and vanilla explode, leading to seamlessly integrated minerality. The Coeur Blanc delivers a creamy and focused mouthfeel, and an elegant, lengthy finish.
