

2014
Triple "S"
Pinot Noir

Located just below the Evenstad Estate in the Dundee Hills, the Triple "S" Vineyard is among the newest in our portfolio. Planted on Jory soil at approximately 450 feet in elevation, the Triple "S" Vineyard is exclusively planted to clone 777 Pinot Noir, and due to its southern exposure, is one of our earliest ripening sites.

Scarlet red, the 2014 Triple S Vineyard expresses vivid aromas of red fruits, cardamom, and cinnamon. Luscious, youthful acidity and soft tannins frame intense red fruits, baking spices and sweet oak. A gorgeous wine with supple characteristics that is approachable now, but will evolve beautifully over time.
